## An Attempt to Defeat James K. Polk for the Presidency, through BRITISH interference!!

## FARMERS, WORKING MEN OF PENNSLVANIA READ, READ.

## BRITISH GOLD

to the amount of nearly HALF A MILLION of DOLLARS has been subscribed by the Brokers and Stock-jobbers of England, and sent into this country by the Steamer Brittania, to assist in the

**Assumption of State Debts!**

by the General Government of the United States, by means of which infamous measure these British Lordlings expect to benefit themselves INDIVIDUALLY to the amount of ONE HUNDRED MILLIONS OF DOLLARS! although it would entail upon us a NATIONAL DEBT, from which our latest posterity would not recover.

HENRY CLAY'S well known adhesion to this ruinous measure, meets the approbation of all the English Stock-jobbers, and hence it is that *Featherstonhaugh* and all other British Writers are so loud in their praises of the "Ashland" bargainer. They know that Henry Clay is the ASSUMPTION CANDIDATE, and by contributing THEIR MONEY TO AID THE WHIGS, they hope ultimately to realize GIGANTIC FORTUNES, AT OUR EXPENSE! Hence we find that in Cheapside street (LONDON) alone

☞ TWENTY THOUSAND POUNDS were raised in a short time and that at an ASSUMPTION meeting held in England, Mr. Murray read a list of subscribers already received—the announcement of the respective sums being received, (says an English paper,) "WITH LOUD AND HEARTY CHEERING by the audience."

Here is the list referred to:

| | | | |
|---|---|---|---|
| Lord Provost, | £100 | A and J. Denniston | £200 |
| C. Tennent and co | 200 | William Dixon | 200 |
| S Higginbotham | 200 | Dunlap, Wilson and co | 100 |
| Buchanan and co | 100 | A Friend | 60 |

| George Smith | 30 | John Kerr | 25 |
| Jams Oswald | 25 | W G Mitchell | 21 |
| A and D J Banatyne | 21 | John Young | 21 |
| Robert Stewart | 20 | Andrew Mitchell | 20 |
| Alex Macgregor | 30 | and others | |

**Amounting to 100,000 pound.**

This immense sum of money was subscribed for the purpose of printing and circulating "ASSUMPTION" DOCUMENTS, some of which, says the London Times, "ARE TO BE PRINTED IN NEW YORK and CIRCULATED IN THE UNITED STATES!" *all* designed to further the election of CLAY, and oppose Governor POLK, who is known to be hostile to this infamous British speculation.

Many of these tracts have already been printed at the office of the London Atlas, a tory paper, and they have been scattered profusely all over the land!

The Federal Clay party, is then the

BRITISH PARTY!

And in order to promote the election of Clay, who is pledged to advance the interests of THE LONDON STOCK-BROKERS,

**BRITISH GOLD**

is to be employed! Is not this a startling development?

**Farmers!! Manufacturers!!! Mechanics!!! Workingmen!!**

you are interested in this matter! The result of the next election is of vital importance TO YOU, and to YOUR FAMILIES. It is for you to say whether the State Debts shall be assumed, or whether the scheme shall fail. If assumed we will have a NATIONAL DEBT entailed upon us of incalculable magnitude, and wholly for the benefit of the

*SCRIP PAPER NOBILITY OF GREAT BRITAIN!!*

Ponder well upon these things! Reflect before you act! for we assure you that the result of the approaching Presidential election will decide the fate of this favorite federal scheme, and consequently that of the People and of the country! If you would preserve your free and happy form of government, vote for JAMES K. POLK, the friend and neighbor of ANDREW JACKSON, who has ever been the true friend of the PEOPLE and of the UNION.

## Another Triumph in Delaware!

At the charter election held in Wilmington, Delaware, on Wednesday last, the Democratic majority was **63**. Last year the Federal majority was 30. Democratic gain NINETY-THREE. Delaware is *doubly safe for* POLK & DALLAS.

## ☞ Poor Young Men! ☜

*Read This, and be encouraged.*

The elevation of Francis R. Shunk to the office of Governor, will constitute a glorious public example of what honest integrity can achieve, which it would be well, if the young men of the State, whom fate has placed in humble circumstances would improve. Mr. Shunk started out in life without a dollar in his pocket, but with a large share of virtuous determination in his heart and of strong, substantial sense in his head He was originally a poor *Farmer Boy*, and compelled to labor late and early for his subsistence. But by spending his evenings at home, and employing his leisure time in useful reading, he greatly improved his mind, and acquired a large fund of the most valuable, practical intelligence. The Farmers of the surrounding country were not long in perceiving his many estimable traits and made him the teacher of their children than which no more honorable employment can be named.

Among the intelligent farmers of Montgomery there are many who are indebted, for their first lessons of knowledge and virtue, to the teachings of "Frank Shunk."—From these comparatively humble situations he gradually raised himself to the offices of Secretary of State and Superintendent of all the Public Schools in Pennsylvania, and never were these arduous and resdonsible duties discharged with greater punctuality and efficiency.

The elevation of such a man to the first office in the gift of the people of Pennsylvania, will furnish a sublime exemplification of the superiority of republican institutions. It will prove, that here the road to dstinction is accessible to the humblest boy in the land, who leads a life of integrity and virtue. Let all such receive encouragement from the example and inscribe "PERSEVERANCE" upon their banner.

A communication in another column from our late candidate for Congress deserves attention. An editorial on that subject with several other matters have been crowded out.

## The Way it was done.

The Pennsylvanian thus accounts for the unparalleled vote received by Mr. MARKLE in Philadelphia city and county. The Federal party, following in the wake of its "great embodiment," effected another "bargain and sale," by which they secured the vote of the Native American Party for "joseph markel," while they in return voted for the Native's candidates for Congress. If we mistake not, there was another "consideration" in the "bargain," which will be defeated in the election of the Democratic candidate. The Federal party have perpetrated this outrage for the purpose of defeating the People in their choice for a Governor, but were not, thank Heaven, as successful as was one Henry Clay, who once cheated the nation of its choice of a President, by a corrupt bargain, the consideration whereof was the office of Secretary of State with a salary of $6,000 per annum. The Pennsylvanian truly remarks that our gain is greater, far greater than our loss, for we still have HONOR left.

## The Election in Philadelphia.

The time has not yet come for an analysis of the vote of Tuesday in the city and county. The returns, though intelligible enough to those who witnessed the changing aspects of the week before, must be published at large before they can present their own conclusive argument. But there are some things so obvious, that we shall risk nothing by adverting to them, and it is due to our Democratic friends elsewhere that these should be at once made known.

The leading fact is the triumphant majority of the whig ticket for Governor in districts where the other candidates of that party had scarcely a decent poll. The explanation is understood to be this: Some ten days ago, it was rumored about the neighborhood of the Clay Club, and among the betters who frequent the Exchange, and who since the decline of our foreign trade are with the stock-brokers the principal and almost only visitors to that building, that a mighty cause was about to be in operation, which would renew the broken prospects of whiggery. Bets began to be offered anew, flashy dressed gentlemen with curl-whiskers and gold chains showed themselves again in Chestnut street, and the small politicians generally known as the counter jumpers of Market street, became more saucy on the side-walks and at the oyster cellars.

The arrangement, whatever it was, remained however a secret from the minor grades of the Clay Club, till Gen. Markle arrived here, and at the same time Mr Mayor Harper of New York, the former the auto nation candidate of the Whigs of Pennsylvania, the latter the Native Mayor of our sister city, elected there by whig votes.—This was on Monday a week, and no sooner had these high dignitaries come among us, than it was made known their respective partizans had sworn themselves to an alliance of intereste.

The only difficulty was first as to the precise terms of the bargain, the natives claiming that all the Congressional, Legislative and Municipal officers should belong to them, the whigs asserting strenuously their prescriptive rights in the city, and their engagements of honor to their country candidates for Congress. The second regarded the votes of those Natives who had heretofore hailed from the Democratic party: these it was observed would revolt at a bargain by which they were to be transfered to their ancient opponents. Both difficulties were unsurmountable, if the parties to the negotiation exacted securities;—but inasmuch as the plenipotentiaries had only advisatory power the compact went on; the leaders on both sides engaging to do all they could to execute its provisions in good faith. Such, as we have detailed them, were the artiales of the compact, as understood by us a day or two before the election.

The election day came, amid rumors off coalition, trick, and threatenings. Jealousies were awake among gentlemen who found themselves *swapped* away by their party leaders. Democrats were appealed to to make counter alliances, to print mixed tickets, to unite in almost any compromise with the discontented:—proud are we to say, that every overture was repelled.—The democratic party occupied its single ground, the ground of principle.

It saw some of its members, alarmed at the strange aspects of the times, ready to throw their votes upon the whig tickets in the City and First District, thus to aid the discontented of that party in thwarting the dishonest bargain of its leaders. It saw every where anomalous combinations without number: But we repeat it; the Democratic party, as a body, held itself aloof from both parties to the bargain, aiding neither, regarding both as opponents alike.

The result is seen. We have lost all, save honor; but that saving is every thing for us. We are contented to abide by our defeat. We have made no bargain, broken no faith, violated no principle. Are our opponents content with what they have done? Have they gained anything that honorable men should crave? Is there even harmony in the allied ranks? Even the bargain, the bargain itself:—has it been kept?—has whiggery always heretofore faithless to its pledges, has whiggery been true to its engagements with the Natives?

We ask these questions, not because they interest us now, but as suggestive of appropriate reflections for hereafter. They admonish the democratic party, that as there is no honor, so there is no permanent success nor satisfactory triumph, in any victory that is bought by a compromise with principle.

To our friends in the country, we send up our cordial acknowledgments for the rescue which they have brought us. They have made the victory of our opponents in Philadelphia as barren, as it was dishonorably won. The returns, as they come in, are melting down rapidly the boasted majority against us. The state is safe, absolutely safe by thousands, for Francis R. Shunk,—and we greatly mistake the signs of the political horoscope, if the incidents of last Tuesday shall fail to swell the triumph of our party on the first of November: yes, to swell it by the indignant retrocession from the whig ranks, of many who are too proud to be the associates of political tradesmen,—to swell it by the invigorated energies of the country democracy, invigorated, inflamed, by its victorious contest against a loathsome opponent,—to swell it by the return to their old party ranks of men who can the better appreciate what whiggery is, from having once been bargained into its support.

In another article in the Pennsylvanian, on the the result of the election in the city and county of Philadelphia, it says:—

"We never saw the Democracy of our city and county more resolute and determined to do their duty, and to march onward than yesterday morning when all seemed lost. Seventeen thousand outlived the storm of Tuesday,—there will be more than TWENTY THOUSAND in November—mark that!"

## *A Voice from the South!!*

# Georgia REDEMED.

## Another Harrison State Wheeled into the Democratic Line!

The news from Georgia is truly glorious. The State has gone for the cause of Democracy "with a rush, and the result proves that Georgia is safe for POLK and DALLAS, John M. Berrien, the man who voted against the tariff of 1832, came all the way to Pennsylvania, to *enlighten* the Dutch of "*Alt* Berks." He has probably discovered, by this time, that his services are needed a little nearer home.

The election was for members of Congress. The Democrats have carried Lumpkin, Cobb, Jones and Harralston—the coons have elected Poe, Stevens, Toombs, and King. The popular vote, however, exhibits a large Democratic majority in the state, from 3000 to 4000. This is glorious in a state that went for Harrison in 1840 by over 8000. We compare with 1843, when the Federal majority in the state was 3,388.

In 75 cognties our majority is 1945, and highteen yet to hear from, which are democratic, will increase our majority to 3500! The Democratic gain is near **12,000**!

# OHIO!

## Twenty-three thousand Democratic gain since 1840—Ohio safe for POLK & DALLAS!

By a slip from the Ohio Statesman, dated Oct, 12, BARTLEY, the Federal candidate for Governor, leads TOD, the Democratic candidate, **301** votes. There are 4 counties yet to hear from which will probably not increase the majority beyond 500. The abolitionists generally voted for Bartley—and they will not vote for Clay, and this undoubtedly secures the State for POLK. The inference now is fair that the Democrats will carry at least two-thirds of the States. Stand to your arms, Democrats for the next great battle on the first of November! VICTORY must and will crown the efforts of Democracy if its advocates but do their duty.

VICTORY, VICTORY!

## OLD SHUNK
ELECTED GOVERNOR
BY
# 5,000
MAJORITY.

## A gain of several members of Congress—a Democratic Canal Commissioner.—A majority on joint ballot and, and a democratic United States Senator secured!

The Democracy of Pennsylvania are now "out of the woods." Despite the "bargain and sale" in Philadelphia, the State proudly maintains her ancient position, and the flag of VICTORY floats triumphantly from her battlements. ALL IS WELL! No earthly doubt exists of the success of **POLK & DALLAS** by **15,000** majority. Philadelphia city and county alone will make a difference in our favor of 6,000, and the country districts will all give increased Democratic majorities. Rejoice, Freemen, Rejoice!

## Communication.

For the Lewistown Republican.

Messrs Eisenbise and Walters:

The contest is over and I cheerfulw to the award of the people.

Yet I have a few words to say in a question which I certainly wouldr have again agitated had malignity in certain quarters permitted it to rest; and on this account only, that I have thi it necessary to make the explanation h follows for the information of thoso are unacquainted with all the circumces.

The mystery is this, that, after lg effectually put down a false version a speech, by testimony which would've been more than conclusive in any cof justice, I should have given to a pti foe, the statement which was publ with such a flourish of trumpets he "Gazette." That I might have erin my judgment, in that case, I admit; in acting as I did, I was governed as I re ever to be, in transactions with my fw men, by a sense of strict justice, hoer it might conflict with self interest, or sent expediency.

After the certificate was published the editorial remarks which accompd it, Mr. Shem Zook came to me with complaint that his character had been sailed in our paper, &c, and that had been charged (as he had heard) elsewe, with *having given me a libel.*

I told him that his certificate (whichter all was rather a non-committal ar) could not bear such a construction; and for the editorial remarks, I had nothino do with them, and that I thought them called for. He desired me to give hia written statement to that effect, or so. thing that was to place him on a prer footing before the public; this I at first. fused to do, believing that it would be uj against me in the approaching cont. After he had left my house, and I had ken time to reflect, I thought it hard h he should lie under any censure for e "Certificate" he had given me, and th the editorial remarks (although such an ference was not intended) might seemo convey an indirect charge of falsehood. I followed and found him at the Gap Schl House, taking down the certificate of he Teacher, which as he alleges alarmed e so much, and which I suppose was to nti fy the evidence of *sixteen unexceptionable witnesses*, Mr. Zook's *own certificate* included!! After returning to my house I gave him the statement, which he had published, to soothe his wounded feelings, and to show that his certificate could not be considered in any other light than as creditable to his candor.

After the grateful manner in which he expressed himself, for the favor I had done him, I did not expect to see the kind of article which appeared in the "Gazette."

Respecting the improper use which Mr. Zook charges me with having made of his certificate, I am prepared to prove that after he gave it to me, he remarked that he supposed I intended to print it, and that he did not care what I did with it. To which I replied that I did not wish to publish it, if the charge against me was not printed or did not spread further—and on that very day I was informed that it was circulating in Huntingdon county, with considerable additions of course.

I harbor no ill will towards Mr. Zook, but he must admit the necessity he has placed me under, to make the foregoing exposition—and in conclusion, I would merely hint that it does not become *every one* to speak of tools or dupes either.

JOSEPH HENDERSON.

## Matters worth Recollecting.

Here are some of the promises made by the Whigs in 1840.

They would appoint no member of Congress to office.

They would make no removals for opinion's sake.

They would reduce the expenditures.

They would pay off the National debt.

They would separate the "purse and the sword" from the hands of the Executive.

They would make a sound and uniform National Currency.

They would regulate the "exchanges."

They would raise the price of produce.

They would "relieve the people."

How have these promises been kept?—This is a fair question. Let us see the answer:

1. On the very day Gen. Harison took the chair; aye, before he had time to warm the seat, four Whig members of Congress were appointed to cabinet offices, and since that time the number of members of Congress confirmed in office by the Whig Senate is greater than at any previous period since the time of Washington.

2. Mr. Granger, the Postmaster General, removed ONE THOUSAND SEVEN HUNDRED postmasters during his brief reign of power (three months) for "opinion's sake," and subsequently boasted that, if he had continued in office, he should have guillotined 5,000 more.

3. The Whig Congress when it adjourned on the 3d of March, 1843, left a national debt of **fifty nine millions.** When Mr. Van Buren retired, it was about $5,000,000. Heaven only knows what it would now have been, had not President Tyler interposed the veto power.

The expenditures during Mr. Van Buren's last year, were $22 351,147. During the first year of the 'retrenchment' whigs they were $29,394,243 and during the next two years averaged near $25,000 000!!!

4. The "purse and the sword" were separated by law passed under Van Burens administration, imposing a fine and penalty on all who use the public monies for private purposes.

The Whigs, as soon as they came into power, united the "purse and sword" again by repealing this law without providing a substitute.

5. Having done nothing to improve the currency, of course they have not kept that promise. The currency was good when they commenced their attack upon it, and it is good now—but no thanks to them. It regulated itself, as the Democrats have always said it would. And as for the exchanges,' there was more fluctuations under a National Bank than there has been since.

6. Under the Whig administration the PRICES OF PRODUCE and the WAGES OF LABOR have been reduced, notwithstanding the Whigs promised the people "two dollars a day and roast beef," and "better times."

In brief, they have violated EVERY PROMISE made in 1840. Now they have the insolence to come before the people with the same allurements and false lights. ☞ *BEWARE OF* THEM!!!

This, indeed, is a glorious result—as glorious as it is unprecedented and unexpected, for no Democrat ever *thought* of getting a majority there.

## Clay and a Tariff—His own Words.

"Let me not be misunderstood, and let me *entreat* that *I may not be misrepresented.* I am NOT advocating the revival of a high *Protective Tariff. I AM FOR ABIDING BY THE PRINCIPLES OF THE COMPROMISE ACT. I am for doing what no Southern man of a fair and candid mind has ever yet denied; giving the country a revenue which may provide for the economical wants of the government, and at the same give an* INCIDENTAL PROTECTION *to our home industry.*—Speech in Senate. March 4, 1842. Life and Speeches of Henry Clay. vol. 2, page 548.

"I never was in favor of duties being so high as to amount to prohibition of articles on which they were laid. *I have thought it best for all interests that there should be competion.*"—Clay's letter to Branham and Bledsoe, of Georgia, July 8th, 1843.

☞ "Carry out then, said he, the spirit of the Compromise Act. Look to *revenue alone for the support of Government.* DO NOT raise the question of PROTECTION which I had hoped had been put to to rest. THERE IS NO NECESSITY OF PROTECTION FOR PROTECTION."—Clays speech in Senate January 21st 1842, on the Treasury Note Bill *as reported for the National Intelligencer.*

"To preserve at once the peace and great interests of the country, HE HAD BEEN ACTIVE IN EFFECTING THE COMPROMISE of 1833, and altho' he was far from maintaining the doctrine that any Congress could bind its successors, the extraordinary exigencies and state of the country which led to the passage of that compromise, MADE HIM FEEL IT AN OBLIGATION OF HONOR TO ADHERE TO IT IN GOOD FAITH—AND HE CHALLENGED THE MOST DILIGENT SEARCH OF THE RECORDS TO SHOW THAT HE EVER COUNTENANCED ITS VIOLATION IN THE SLIGHTEST PARTICULAR—nay, more, HE WAS BOLD TO SAY THAT DURING HIS ENTIRE SERVICE IN CONGRESS SINCE, THERE NEVER HAD BEEN AN EFFORT TO VIOLATE IT WHICH HAD NOT MET WITH HIS PROMPT AND EARNEST RESISTANCE. It was important to understand the true character of that compromise. IT PROVIDED FOR A GRADUAL REDUCTION OF DUTIES **DOWN TO 20 PER CENT.**—Clay's speech at Charleston, S. C. in *April last.*

"The revenue system is a system under which there is a sort of perpetual war between the interests of the government and the interests of the people. High Tariff duties fill the coffers of the Government, AND EMPTY THE POCKETS OF THE PEOPLE."—Speech of Clay in Congress in the session of 1820.

"With a rate of duties *necessary* to the wants of the treasury, *and therefore conformable with the Principles OF THE COMPROMISE ACT*, A MORE EFFECTIVE TARIFF, BOTH FOR REVENUE & PROTECTION MAY BE ESTABLISHED, THAN THE ACT OF THE LAST SESSION OF CONGRESS."

Mr. Clay also says in the above mentioned letter, (to Merriwether, October 2d, 1843):

"In 1841 I supported the tariff of that year, which was limited to the free articles. I should have PREFERED THAT THE COMPROMISE in ALL its parts HAD BEEN ADHERED TO."

☞ TO REDUCE THE RATE of duties to that REVENUE STANDARD for which the OPPONENTS of the [HIGH *protective*] system *so long contended.*

FARMERS' REMEMBER that Henry Clay says that

"AGRICULTURE NEEDS NO PROTECTION."

## Clay's Southern Face on the Compromise!

At a meeting of the friends of Clay, in Putnam county, Georgia, the following resolutions were passed:

"*Resolved*, That *we consider him pledged* to abide by the spirit of the COMPROMISE ACT, and that at this time we look to him as the *only man* in the country whose influence can carry out triumphantly the *principles contained in said act.*

"*Resolved*, That as good citizens, we are ever willing to pay *any Tariff* for the *purpose of Revenue*, but *NOT A CENT FOR PTOTECTION!*"

TheSavannah Republican, the leading Clay paper in Georgia says:

"We DENY that Mr. CLAY, or the whigs of Georgia, whose candidate he is, ask for the establishment of a PROTECTIVE TARIFF."

The Richmond Whig the leading Clay paper in Virginia, says:

"THE FACT THAT MR CLAY IS MORE OF A FREE TRADE MAN THAN MR. VAN BUREN, IS BECOMING GENERALLY KNOWN TO THE PEOPLE OF THE SOUTH!"

## ATTENTION SUBSCRIBERS.

### WE MUST HAVE MONEY.

Our subscribers can not complain at our making a **CALL** upon them now to **AID US** in extricating ourselves from our PECUNIARY DIFFICULTIES. We are indebted to our paper man, and for other indispensable expenses of the printing establishment. Our creditors are getting somewhat boisterous in their demands upon us. If OUR FRIENDS *will make it convenient to call and aid us* at the **NOVEMBER COURT**, by paying up, we will be highly gratified. We will take FOUR dollars for 2 years subscription, from all who will call and settle by the *November Court,—after that FIVE will* be charged without respect to persons. This will be a saving of one dollar to each subscriber. If you cant come in yourselves, send the amount, or at least a part of it, by your neighbor. About 400 of our subscribers have *never paid us one cent, and our limited* circumstances compel us to ask this favor of them. We have received little or no aid for the extra party printing we have done. We however feel grateful to those subscribers who have already paid us and for the other evidences received, that the old "Republican's" course has met the approbation of its numerous subscribers.

CURE FOR THE GRIPPE.

DR. SWAYNE'S

COMPOUND SYRUP OF

## Prunus Virginia or Wild Cherry.

*For Coughs, Colds, Asthmas, Spitting Blood, Soreness of Throat, Whooping-Cough, and all diseases indicative of CONSUMPTION.*

*Delays are Dangerous.*—So it is with those who neglect their Colds and Cough. At first you complain of having a Cold, which is neglected; after which a soreness is experienced in the Bronchia, with a hacking Cough, and finally the disease settles upon the lungs, which the patient will soon perceive by a wasting away of the body, attended with hectic fevers and spitting up of florid blood and matter from ulcers on the lungs; a pain and weight is also experienced at the affected part of the lungs; the functions of the animal economy grow languid; the body becomes dry the eyes sink deep within their cavities; at length the patient pays the debt of nature, when he is flattering himself with the hopes of a speedy recovery. To obviate all those distressing symptoms "Spare no Time" in procuring the above Invaluable Medicine at the very commencement of your Colds and Coughs whereby your health may be secured and time and money saved.

August 9th, 1843.

## *Hall's Patent Horse Power Thrashing Machine.*

The trouble and vexation of the various Sweep Machines are now obviated by the invaluable Machine, patented by Mr. Hall Where Hall's Machine is known snd used it is said the Sweep Machine is thrown together aside. It is so constructed that it cannot wear out for a number of years, and will not require more than a dollar a year to keep it in repair. It requires but two horses to thrash one hundred and fifty bushels of wheat in eight hours, taking up no more room on the barn floor than a double stall, or place for two horses. The great advantages of Hall's Machine, over every Sweep Machine, are

1st. It will not get out of repair, and cannot be broken be fair usage.

2nd. It is compact—takes so little room that it can be set in any Barn, under cover, where thrashing may be done in wet or stormy weather.

3rd. Two Horses are all that is required to operate it—thus saving the trouble and expense of employing more horses, as well as the expense of a driver, none being necessary. It is lighter work for two horses on this machine than for four on any sweep machine.

4th It can be put in operation in 15 minutes after arriving on the ground, no digging or staking being necessary.

5th. It is warranted to thrash as much grain, with two horses as can be thrashed on any sweep machine with four.

6th. It can be used for sawing wood—one horse will drive a circular saw, sufficient to cut twenty cords of wood in a day and two horses would be sufficient to grind corn in the ear. One horse being ample to drive two common Turner's lathes. It could do all the bark grinding, and pumping with from one to two horses necessary for country Tanneries generally. In short it can be put to a great many uses, and will be found one of the most valuable inventions of this class, which has been introduced for many years.

Farmers and others are invited to call and see the machine in operation, at the barn of Joseph Milliken, near Lewistown.

The undersigned are prepared to build Hall's Machine complete, at reasonable price—warranted. They have purchasee the Patent right for the counties of Mifflin Centre, Union, and Juniata.

## Protection Against LOSS BY FIRE!

**The Cumberland Valley Mutual Protection Company** being incorporated by an act of the Legislature of the past session, and fully organized and in operation under the following board of Managers, viz:—Thomas C. Miller, C. P. Cummins, John Moore, David W. McCullough, James Weakley, George Martin, William Moore, Samuel Galbraith, James Greason, Thomas Paxton, William Barr, Joseph Culver and A. G. Miller, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages this kind of insurance has over any other:

1st. Every person insured becomes a member of the company, and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applyng for insurance, must give his premium note for the cheapest class, at the rate of five per centum, which will be $50 on the 1000—for which he will have to pay $2.50 for five years, and $1.50 for survey and policy, and no more, unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required on the premium note than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated upon the same principles.

Agents will be appointed as soon as possible in different places, to attend to insurances, and any person wishing to apply immediately, can do so by signifying their wish to the officers of the company.

## STORMS *and* FLOODS.

IF, during the continuance of Storms & Floods the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be overwhelmed with the flood. In like manner with the human body—if the Skin, Kidneys, and Bowels (the natural outlets of useless and corrupt humors,) become so obstructed as to fail in affording a full discharge of those impurities which are in all cases the cause of sickness, we can surely expect no other results than the whole frame will be

OVERWHELMNED WITH DISEASE.

As in the first place, we would prevent an inundation we must remove all obstructions in order that there may be no hindrance to the free discharge of the superabundat waters. So, in the second place. if we would prevent and cure disease, we must keep open, all natural drains of the body.

*WRIGHT'S INDIAN VEGETABLE PILLS,*

*Of the N. American College of Health,* will be found one of the best, if not the very best medicine in the world, for carrying out this beautiful and simple theory;—because they completely cleanse the stomach and bowels from all bilious humors and other impurity, and at the same time promote a healthy discharge from the lungs, skin and kidneys; consequently, as all the natural drains are opened, DISEASE of EVERY NAME is literally driven from the body. The following letters which have been received from gentlemen of the highest respectability, will show conclusively that Wrights Indian Vegetable Pills is a most VALUABLE MEDICINE, and their fame is rapidly extending to every part of the UNION!

*Extract from a letter from Lawrenceville, Monroe co.,* ARKANSAS.

LAWRENCEVILLE, Monroe co., Arkansas, December 10, 1842.

*Dr. Wm. Wright:*—

Dear Sir—Having become acquainted with your most excellent PILLS, (viz Indian Vegetable) by experience, I take the liberty to write to you on the present occasion. by way of suggesting the propriety of being constituted agent for this State to dispose of them.

In 1841, I was prostrated with a severe fever in East Florida, an conherh ving been ill with the first attackd d a lir vere relapse, I was necessitated to anepaish New York for the recovery of my heathaf being much debilitated. I tried different physicians and as many medicines, but all to no purpose. I found my liver much affected and dyspepsia setting in with worst form. I began to think my case was hopeless. I concluded to resort to travelling; accordingly I left the city of Albany N. Y., for Cincinnati, Ohio. On my way through New York State, I chanced to come across one of your agents at Newark on the Erie canal. I read one of your advertisements, purchased a box of Pills, and to my astonishment found myself partially recovered, on me arrival at Buffalo, I purchased some more of your agent there,—at Cleveland, Ohio, visited your agent, the dry good merchant—talked with him and took several boxes. *I soon found myself a well man and determined to return to my profession, viz: a travelling Methodist Preacher.*

I accordingly came on to Lt. Louis, and from thence to Helena, Arkansas, where I joined the Arkansas Conference, and was assigned to Lawrenceville Mission on St. Francis and White rivers, near the mouths of the same. Very respectfully,

Your obedient servant,

W. H. HOUCK.

N. B.—The original letters from which the above have been copied, together with others of a similar character, may be seen at the Office and General Depot, No. 169 *Race Street.* Those who honestly entertain as to the wonderful goodness of this sirgular medicine, are earnestly invited to come and read for themselves.

☞ *Caution.*—As the great popularity and consequent great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country agents and store keepers will be on their guard against the many impostors who are travelling about the country selling to the unsuspecting a spurious article for the genuine.

It should be remembered that all authorized agents are provided with a *certificate of Agency* signed by WILLIAM WRIGHT, Vice President of the N. A. College of Health.

The following highly respectable store keepers have been appointed agents for the sale of WRIGHT'S INDIAN VEGETABLE PILLS, ann of whom it is confidently believed the genuine medicine can with certainty be obtained:—

F. J. Hoffman, Lewistown, Mifflin co.
John Purcell, Newton Hamilton, "
T. Criswell & Sons, M'Veytown, "
Paxon & Sigler, Allenville, "

"Office devoted exclusively to the sale of the Medicine, wholesale and retail, No 169 Race Street Philadelphia."

*Beware of Counterfeits.*—The public are respectfully informed that medicine purporting to be Indian Pills made by one V. O Falck, *are not the genuine* Wright's Indian Vegetable Pills.

The only security against imposition is to purchase from the regular advertised agents, and in all cases be particular to ask *for Wright's Indian Vegetable Pills.*

## Astonishing and True.

AMONG THE THOUSAND MEDINES advertised as 'certain cures for pulmonary complaints,' JAYNE,S EXPECTORANT stands alone. Its path to the public confidence has been paved, not with puffs, but with cures; and the vouchers for its efficacy include any array of names which, for character and respectability, cannot be surpassed in this country. Dr. Jayne, being himself a physician, does not profess to perform physical impossibilties, but he does assert, and he is borne out by well authenticated facts, that in all diseases of the lungs and chest, which are susceptible of cure without miraculous interference, his Expectorant will restore the patient to health. No other medicine will remove mucus or pus from the throat so thoroughly as this. It effectua y looses the coagulated masses from the membrane which lines the trachia, and at every cough the patient will bring up portions of the disengaged matter. In al comp aints of the pulmonary organs, even where nature seems to be making no efforts to throw off the disease, Dr. Jaynes Expectorant imparts vigor to the machinery of respiration, and enables them to disencumber themselves of the obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable, with Consumption, Coughs, Colds, Asthma, Influenza, Bronchitis, Whooping Cough, in a word al diseases of a Pulmonary nature, yield to this preparation it properly administered.

Rev. J. S. Maginnis, Professor in Hamilton (N. Y.) Literary and Theological Seminary says:

I would not be without Dr. Jaynes Medicines in my family for any consideration. I have found them successful in cases where all other means have failed.

Mr. Nicholas Harris, corner of Front and Lombard streets, Philadelphia, was cured of Cough, Asthma, and

BLEEDING of the LUNGS,

under which he labored for many years.

Rev. Ira M. Allen, late of this, but now of New York city says:—I have used Jayne's Expectorant, and have more confidence in it than

ALL OTHER MEDICINES

of the kind

Rev. Wm. Laws, Modesttown, Va. says: I have used your Expectorant, and found it an excellent medicine for

PULMONARY DISEASES.

Dr. Helmick, of Zanesville, Ohio, was cured of

ASTHMA,

by the use of it, and now prescribes it to his patients in all Pulmonary affections.

Mr. John Beckford, of Eastport, Maine, says:

Your Expectorant has just cured a man whom his physician had given up to die with CONSUMPTION; and also another in the very lowest stages of

BRONCHITAS.

Rev. John E ris, of New York city says that two bottles cured him of

INFLUENZA,

a hard Cough and apparent Consumption.

The Bangor (Me.) Journal says—A trial of Jayne's Expectorant will satisfy all that it is a speedy cure for Coughs, Colds, Influenza, Asthma, hoarseness, and all kinds of Pulmonary Affections.

Rev. Simeon Seigfried, was cured of Influenza, a hoarseness and a hard dry cough by one bottle.

Lewis C. Levir, Esq. the distinguished advocate of Temperance, stated at a meeting of upwards of three thousand persons, that he should not have been able to address them, but for the use of Jayne's Expetorant. He said that he had been laboring under a hoarseness and severe oppression of the chest, that he had purchased some of the Expectorant the day before, which had relieved him in a few hours, and he found himself, contrary to his own expectations, able to address the multitude.

The Proprietor could add hundreds of other names equally respectable, who recommend JAYNE'S EXPECTORANT as superior to all other medicines for the cure of all pulmonary diseases.

Prepared only by Dr. Jayne, No. 20 South Third Street, Philadelphia, where all his other valuable preparations may be had.

## No Excuse for a Bald Head.

Since the important discovery of DR. JAYNE'S HAIR TONIC, every one may, if he choose, preserve his hair from falling off, or if already bald, may with certainty have his hair restored again by a persevering application of this Valuable Hair Tonic,

Please to read without prejudice the following communications, which in addition to hundreds of others equally respectable should remove the doubts of every reasonable person of the uniform and singular efficacy of Jayne's Hair Tonic.

HAMILTON, Feb. 15, 1840.

Dr. D. Jayne—Dear Sir—I had not finished the first bottle of your Hair Tonic, before a decided change was manifest over the bald part of the head to which it was applied. A new growth of fine glossy hair, much like that of an infant's appeared, and has continued to increase, so that I have had it cut two or three times. I began the use of the Tonic with little or no faith that it would ever be successful on my head, and I was as much surprised as delighted when I saw the effect. You recollect the appearance of my head when in your office. I assure you the hair has been nearly an inch long at the times I have had it cut, on those parts which were nearly destitute when you saw me. It was, however, very fine, though quite black. Respectfully yours, &c.

G. W. EATON.

Professor in Hamilton Literary and Theological Seminary, Madison Co. N. Y.
